

RIDE FOR KIDS...

Pediatric Brain Tumor Foundation

The bad news was we drove thru moderate rain between the Cracker Barrel and the Grand Geneva Resort...

The **good news** is that the sun came out and we had beautiful blue skies and high 70's the rest of the day!

Wilbur and Pam Buckle joined us at this wonderful fundraising event where we invited children to sit in our cars and have their picture taken. There was a lot of interest in our cars by the participants as well as they discussed horsepower and handling the curves.

Before the motorcycles of all kinds headed out on their ride, we heard about the importance of the research being done and from a "star", one of the many children present at the event.
