

WHAT A SHOW!

The 2017 Father's Day Charity Car Show was a huge success. There were 169 entries with 92 of them registering the morning of the show...the registration and classification teams were hopping! The spectators were also lined up on Milwaukee Ave. all morning as they worked their way into the show giving no respite to the admission crews.

Lake County Honor Flight was the charity chosen for this years' show. We were pleased to present a check for \$1,650 to their representatives at the July membership meeting where they presented a video showing an honor flight in action. The donation will send two Veterans to Washington DC in October. We'll have the opportunity to assist with stuffing packs, attending the send-off party and welcoming them back after the trip.

This year, 157 cars were entered in judged classes which is a new record. There were 103 Corvettes, 8 trucks, 15 full-size Chevys, 10 Camaros, 10 Chevelles, 2 Novas and 3 Street Rods in addition to many other wonderful cars in the Special Interest and All Others classes. The People's Choice trophy went to Glenn Timmerman for his 2011 Camaro Walter Payton edition and the Dealer's Choice was a 1963 Blue Grand Sport Corvette owned by Don Fiore.

The new layout of the lot received lots of positive comments from the participants as they strolled up and down the aisles. As usual, BBQ Productions and Scoops Ice Cream were busy keeping the crowd fed...who doesn't enjoy a root beer float?

In addition to the many door prizes, we had a table full of wonderful raffle prizes and thank the many sponsors of our show. Fifty-three members entered at least one car earning a total of 348 participation points and twenty hard working NSCC members met to plan the show in addition to another 46 volunteering during the show earning a total of 539 points...a huge thank you to all!
