

VA CAR SHOW A HUGE SUCCESS!

Once again, we enjoyed blue skies and a wonderful breeze off the lake as 19 NSCC cars converged on the Captain James A. Lovell Federal Care Center in North Chicago for the annual car show for the Veterans. There was a total of 229 cars of all makes, models and generations in this record setting show. The cooler temperatures made it easier for the Veterans to come outside and visit with us as they viewed the cars. It is always such an honor to thank each Veteran for their service.

The event was beautifully organized as usual and we were treated to a delicious lunch of hot dogs or brats with all the fixings. We spent the day visiting under the trees with our friends and walking around admiring all the entries.

The Veterans vote for their favorite car and, this year, we were especially excited to have one of our own members trophy! Daryl Ullberg took 2nd place with his 2017 Admiral Blue ZO6. Congratulations!

Thanks for supporting the Veterans!
Jim Benton and Barb Harms
