

## **ANOTHER BEAUTIFUL DAY FOR CARS!**

**Cars and Cigars 2018** in Long Grove was another successful show! The morning started out with showers and gray skies but, by the time the show started, the showers had moved out and the sunshine wasn't far behind. Another lovely day to enjoy our cars as we supported a great cause, the Special Olympics.

There were cars of every type, size, shape, color and age imaginable. Beautifully restored classics, gorgeous street rods and a selection of new versions were on display. 10 NSCC members brought 3 Corvettes, a Dodge show car and a couple of metal vehicles.

As always, Forrest Kulwin and his band provided great oldies but goodies music setting the tone of the show. The Kildeer police department demonstrated their canine skills and there were emergency vehicles to see. There were lots of cigars being smoked from Neuman's Cigars and More as the participants and spectators walked the grounds.
