

A BEAUTIFUL DAY FOR A CAR SHOW!

The **15th Annual Car Show for Veterans** at the VA hospital in North Chicago was held on July 21st. Although there was a threat of rain in the forecast, the skies stayed party cloudy and the precipitation held off until they finished the trophy presentations. It was a beautiful day to admire all the many types of cars, visit with our friends in NSCC and enjoy the great food provided to us.

19 NSCC members and 3 guests brought 13 Corvettes and 1 Camaro and filled the special parking area always reserved for our club at this event. We had red, white and blue along with black and silver ...it looked great and got lots of admiring looks by the honored guests at this event, the Veterans. Rick Scott took 5th place overall out of 81 cars at the show with his 2016 Blue Stingray...congratulations, Rick!

Our club enjoyed a great shout out at the event thanking us for supporting the show since its inception 15 years ago...it is appreciated.

We look forward to another great day in 2019!

Ed and Barb Harms
