

Adopt-A-Highway October 21, 2018

Under cobalt blue skies, Glen, Tara, Tom, Daryl and myself hit the streets looking for trash. The North Shore Corvette Club does not take lightly the responsibility of giving back to the public, and maintains a one mile stretch of Buffalo Grove Road between Half Day Road and Aptakisic Road in Buffalo Grove.

The members enjoyed a brisk 'fall colors' hike in late October to collect the unsightly roadside garbage. We have found golf balls, bras, carpet samples and the center cap from my own car, but no gold coins or stacks of currency yet.

Our next Rubbish Romp will be in Spring of 2019, and we encourage all members to get off of their treadmills and join us for a scenic hike in Lake County.
