

Adopt A Highway

May 19, 2019

**NORTH SHORE
CORVETTE
CLUB**

The skies were not pleasant on this day, so we started a half hour earlier than planned. Glenn, Tara, Tommy T and myself took to the street (actually the parkway and median) to clean it up. The North Shore Corvette Club has the responsibility of maintaining the one mile stretch of Buffalo Grove Road between Half Day Road and Aptakisic Road in Buffalo Grove.

We moved swiftly to try and avoid the downpour that was forecasted. The weather held out with only a few minor drizzles. Glenn was the big winner(?) this time, finding a nickel and a quarter. This was offset by a pair of women's panties

that he also picked up. Good thing we had our pickup tools.

Calling all members. We need more volunteers. Our next cleanup will be in the Fall of 2019. Let me know if you are interested.

Daryl
