

BLACKHAWK FARMS TRACK DAY EVENT

SATURDAY, JUNE 9, 2018 7AM—6PM

The North Shore Corvette Club is invited to participate with the Chicago Alfa Romeo Owners Club in a driver's education and lapping day. This is a day for all levels of drivers skill. You don't have to drive to have some fun, hang out and enjoy the array of cars that will be at the event. Spectating is free and corner workers volunteers are always in need, with free touring. A SNELL 2005 rated or newer helmet is needed in the lapping group.

Cost: \$275.00 All day lapping session

\$175.00 1/2 day lapping session

\$40.00 touring session

Register at: www.caroc.com (Register before May 19th to avoid \$30.00 late fee)

Location: Blackhawk Farms Raceway
15538 Prairie Road
South Beloit, IL 61080

A caravan will meet and leave from the Woodfield Mall Sears parking lot at 6AM

Car prep: check all fluids for proper level, tires and brakes. If lapping, would suggest new pads and brake fluid. Our autocross tech sheet would be a good suggestion to follow. A drivers school pamphlet is available on our web site that covers the essentials.

- Lapping is open lapping, running as a group with passing permitted on straightaways. Drivers and cars are divided into three groups based upon experience and speed potential. Cars are started individually to allow spacing. Orange cones mark the beginning and end of each "no passing" zone.
- Touring is driving on the track, at a brisk pace, but with speed imitations. Roll bars are NOT required in open cars for Touring, as you won't be driving at the limit. Passengers are allowed, so bring your friends and family.
- A classroom driving school will be held for novices, and in-car instruction will be available.
- Timing is provided at no charge. **IF YOU WANT TO BE TIMED**, a transponder is needed, and if you don't have your own, they are available to rent for \$35, and must be ordered in advance. A great way to monitor your progress throughout the day, or settle that "who's faster" issue between you and your buddy.
- For lapping, a current automotive racing helmet is needed. Some loaners may be available if requested in advance. Open cars require a roll bar for lapping.
- Your Full Day Lapping entry includes an entry ticket in the raffle for "An Alfa Track day for two at Autobahn Country Club" - hot laps in a 4C and a Giulia Quad with Richard Fisher, lunchtime touring on track, complimentary lunch, and a disc of photos of your day at the track. Additional tickets will be for sale at the track*.
- Lots of track time! We'll run all day, one group after another, with breaks for Touring sessions at midday and additional 20 minute touring sessions can be reserved by clubs or organizations (15 car minimum).
- There is a cafe and lunch is available at the track. There is also a store with snacks and convenience items.
- A basic safety inspection is conducted on all cars before they are allowed to participate in Lapping, but you are responsible for making sure the car is safe and ready. A list of items to check will be included in the registration packet that will be sent to you.

Volunteer corner workers needed - no experience necessary. See the action up close, enjoy a day at the track, and get a free lunch and free midday Touring! A great experience to share with a friend.
