

CROSS ROADS CAR SHOW on JULY 13, 2019

It was a sunny, hot, July day for an amazing Corvette car show in Calumet City. There were 300 beautiful cars on display and that doesn't count the huge number of Cross Roads Corvette Club member cars parked around the perimeter of the show. This show was to benefit the Cross Roads Corvette Club Scholarship Fund. The club does many service and charity events each year.

Brett & Pam Bacci, Phil Schy and Ed & Barb Harms met at the Corner Bakery along I 94 and glided right thru Chicago all the way to the Dan Ryan and Bishop Ford expressways to the 159th exit...45 minutes and done! We arrived at 10:00 am to an already packed parking lot brimming with show cars.

We enjoyed walking the lot visiting with many enthusiastic car buffs who have an amazing collection of customized cars. The paint jobs on display are unique and beautiful! They gave trophies based on cleanliness with a list of items they were inspecting including the wheels, engine, interior, and general appearance of the car. Both the Bacci's and Harms received a Top 100 plaque for their entry.

This was the first of 3 charity events NSCC is participating in this July. We look forward to many members supporting these worthwhile events.
