

21st Annual Cancer Survivors' Celebration and Walk

Sunday, June 1, 2014

There were 13 NSCC members that participated in the 21st Annual Cancer Survivors' Celebration and Walk on Sunday, June 1st. We had a gorgeous day filled with blue skies and warm temps which made for a nice leisurely walk along Chicago's lakefront. We started at the south end of Grant Park and headed north along the lake past Buckingham Fountain then made a turn at the Chicago Yacht Club for the return walk back to Grant Park. This walk was well attended by cancer survivors and their family and friends. The lakefront was a huge blur of purple (cancer survivors) and white (supporters) t-shirts. After a box lunch and rest under some shady trees, we boarded our shuttle bus that took us back to Northbrook. As usual we were all chatty on the ride downtown and then took our naps on the ride home!
