

NSCC RACING

Drag Racing Saturday August 25, 2018 Byron, Illinois

The Friday night storms didn't cancel the drag racing event but sure made it a "drag" waiting for the crew to dry out the track. Our nine club members waited until 3PM to finally get on the track to do some runs, after waiting for about 5 to 6 hours of track prep.

Tom Arvidson, Debbie Monnier, Wilbur Buckle, Larry Latko had to leave after completing one run, due to other obligations later in the day. Pam Bacci and I stayed and did another three fun runs and a final race of which Pam

beat Frank for first place. Brett Bacci, Pam Buckle and Glen Blum were on hand cheering and waiting and waiting. The weather did cooperate, but did get hot and humid. It's a shame that the event didn't turn out as past drag racing events, but you can't change the weather and sure made it a real "drag".
