## NORTH SHORE CORVETTE CLUB'S K1 Speed Go Karting Event #1

Tuesday, January 28, 2020

On our first go-karting event of the new year, there were 18 racers that competed in a total of 5 races. There was also a crowd of spectators that watched in amazement how crazy these racers are.

Being that there were 18 racers, we were broken into two groups in the first two set of races. 10 racers in group A and 8 racers in group B. Bob Goldberg won group A and Tom Arvidson won group B.

In the second set of races, group A had 10 racers of which Frank Punzio won and group B, Terry Greenwald came in first, with 6 racers.

The last race combined racers of both groups for a total of 8 racers of which

Bob Goldberg had won, as so we think. For some reason the names of the drivers did not match their kart number when the results were posted. With the results sorted out, we had a final result that we believe is correct. There was no real explanation for the mix-up, so we did the best we could with the results.

(Continued on next page.)

## NORTH SHORE CORVETTE CLUB'S K1 Speed Go Karting Event #1

Tuesday, January 28, 2020

K1 Speed apologized for the mix-up and will correct things next time out.

It was great having such a turnout with husbands and wives, fathers and sons / daughters, experienced and novice drivers. K1 Speed did a fine job of putting like drivers together in the groups. It was all fun, even with a few crashes and plenty of bumping. Looking forward for the next event and refine the old driving skills up a notch.

Thanks for all those that participated, driving or not. It was the perfect way to spend a cold, wintery evening.

*Frank Punzio*
