

## Go-Karting at **K1 SPEED**

**Tuesday - February 26, 2019**

**F**riends, family, fun and a little go-karting on the side. What else can you ask for? Nine members took to the track while many more watched and spectated. Spectating might be the wrong word. Watching and being amused might be a better description. Watching the others driving around, bumping, spinning and sometimes even crashing into each other is amusing. It sounds bad, but it was all good fun. Everyone had a good time and that's what it's all about.

For the overall stats, Frank Punzio came in first at 19.382. Followed closely by Larry Stein in second with a 19.911 (first place in race 1). Ed Harms edged out Tom Arvidson by .002 seconds for third place at 19.996. Daryl Ullberg missed his goal of getting into the 19-second range by .003 seconds with a 20.003. Renee Ullberg had the women's best time of 22.256 and Deb Monnier had a 24.758.

It's not about winners and losers. We all won and had some fun with friends, family and a little camaraderie.
