MARCH 28, 2022 GO KARTING EVENT

The go karting event for March was a very enjoyable in many ways. We were able to run two small groups, one with some novices and the other with the more seasoned racers.

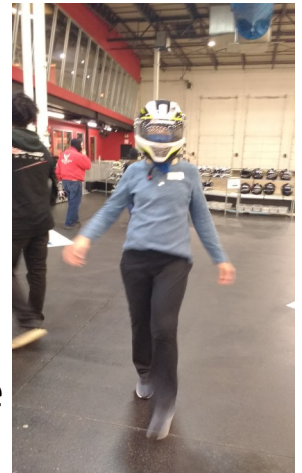

The first group consisted of Tom Arvidson, Nick Hirsch, our guest racer, Sue Rabins and Sue Stockman. The second group consisted of Larry Stein, Frank Punzio, Julie Jensen and Eric Kirchner. The race results were as the order of the listed drivers. It was really nice to have

less congestion and a more open track for the racers.

It resulted with better times and less incidents of bumping of karts which made it fun.

We also had a very good fan base up in the stands observing the action. Rich Stockman, Debbie Stein, Stuart Rabins, Jim Burba, Daryl Ullberg, Glen Blum, Brett Bacci and Debbie Monnier(Barbie) all hung out and supported the event. They may have also been eating, watching sports or just chilling, which is all good.

We are looking into possibly one more indoor event and a road trip to Road America to check out their outdoor go kart track with a dinner afterwards, so we will see what happens. Thanks to all that made this some good times.
