

# Lake County Honor Flight #13 August 11, 2018

Thank you to all of you that came out to support our veterans and escort them from North Chicago's City Hall to Milwaukee's General Mitchell International airport. NSCC's efforts for [Lake County Honor Flight](#) is still continuing to grow with every flight. The veterans certainly deserve our support. On Saturday morning, August 11, 2018, we had 9 members in 6 Corvettes show up in North Chicago by 3:45 *in the morning*. The NSCC drivers were joined by over 100 motorcycles, and many from law enforcement, to escort the veterans, guardians and LCHF staff to Milwaukee's airport. From the time we left North Chicago to when we entered the airport, we did not stop for any stop signs or traffic lights. We did get stopped by a freight train in Waukegan before we got to the highway, though. The police can only stop so much traffic. They don't have jurisdiction over trains. After the veterans were on their way, we left the airport and all had a nice breakfast at [Oak Creek Diner](#).

It's quite an experience. I encourage anyone, veteran or not, to join us in the future. Brett and Pam Bacci have volunteered to be Honor Flight guardians for the October, 2019 flight next year.
