

# *10th Annual Meadowdale, Motorsports and Memories Car Show*

**Saturday September 8, 2018**

The overcast skies and cool temps did not stop the car community from sharing their vehicles at the annual car show on a retired road race track. The old straightaway was filled for the entire length with a variety of cars and trucks. The corvette corner also was filled with over 40 corvettes. The NCRS was on hand judging corvettes. Three members, Phil Klaesges, Jim Kleinschmidt, Stan Kaczor and myself represented the North Shore Corvette Club. The DJ provided great background music and a food vender was on hand with beef sandwiches and hot dogs. It was so nice to see a fantastic turn out, for this special car show.
