

METAL CAR WINTER CRUISE

(Corvettes optional)

Date to be announced

This is a 132-mile, 4-hour cruise starting at the WI Welcome Center at the Lakeview Exit #347, just over the state line.

DRIVER'S MEETING AT 8:45 AM

You will follow a detailed route that takes you on lots of twists and turns on the back roads of rural Wisconsin. We recommend you note the mileage on the instructions to keep you on track.

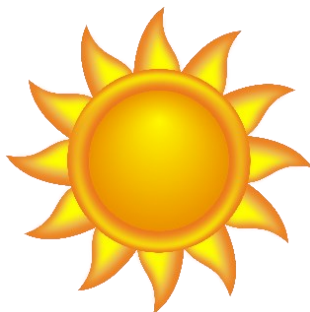

(FRS Radios on channel 11 can be helpful)

In keeping with COVID guidelines, masks will be mandatory whenever we are out of our cars. Also, there will be two comfort stops as part of the route but there will not be a meal break. You can pick up a snack at a comfort stop or pack a sandwich to enjoy at your leisure.

**A DATE WILL BE ANNOUNCED, VIA AN EMAIL BLAST,
SEVERAL DAYS IN ADVANCE.**

The date will be decided based on weather and road conditions...
sunny and dry is the goal!

Please remember that with winter driving, road conditions can change without warning and caution is always a good guideline.
