The President's Message

Tom Arvidson - President

November 2022

by Tom Arvidson

We're winding down for the year, but we never stop. We'll have our North Shore Corvette club booth at the Muscle Car and Corvette Nationals **MCACN** Show. We'll keep events flowing with the Rock and winter go karting along with social get togethers.

Our biggest event is our Annual Awards banquet being held on Saturday January 21st. For those who haven't attended this affair, you're in for a treat. From the delicious food, the open bar, and the stupendous raffle we're all in for a wonderful party.

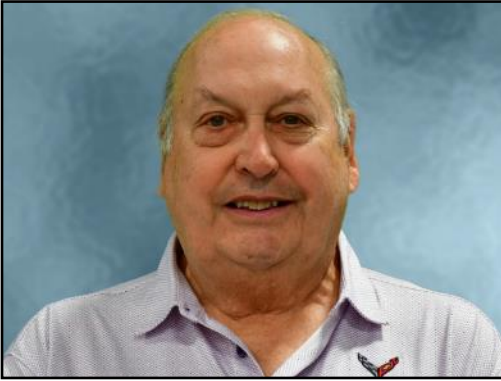

Our top award is Member of the Year. This month we will begin taking nominations for this prestigious award. Please consider who you believe has been the greatest benefit to the North Shore Corvette Club.

We're all sorry our babies have been put away for the winter, but the good news is that we get to spend these cold months with our Corvette Family.

Thank you,

Tom

Please try to attend the MCACN show in Rosemont just before Thanksgiving and a dinner on the night of November 19. Then plan on getting in your reservation for our 49th Annual Membership and Awards Banquet on January 21, 2023. You will have a chance at our membership meeting on November 16 and a final chance on December 21 2022. You will also have a chance at the next two membership meetings to buy chances to win the Quilt of Valor. The proceeds will go to the Lake County Honor Flight.

With the end of the year and the holiday season coming up very fast we want to wish each and every one of our many NSCC members and their families a **VERY HAPPY AND HEALTHY THANSGLIVING.**

Jerry

Safety Tip of the Month

Ken Such - Safety Chairman

November 2022

by Ken Such

REMEMBER

**Change your Clocks and Batteries
in your Smoke and Carbon
Monoxide Detectors**

You should change the batteries in your smoke and carbon monoxide detectors every six months. To help you remember when you change your clocks, change the batteries.

It's important to have a smoke detector on every floor. In every bedroom and in the garage. Every floor should have a carbon monoxide detector and the garage.

Smoke detectors should be replaced every 10 years and carbon monoxide detectors every five to seven years. There should be a date on the back on the back, it's a good idea to mark the front with a replacement date. The detector's alarm function should be manually checked once a month.

There are two types of smoke detectors- Ionization and Photoelectric. Ionization is quicker to warn about flaming fires, were Photoelectric are best at warning about smothering fires, which is often the case in a garage.

Carbon monoxide detectors detect a poisonous gas that can be a home's furnace, clothes dryers, fireplaces, and garage heaters. In case of a detection alarm it is critical to get everyone to fresh air as soon as possible. This can be placed on a wall 5 feet above the floor or on the ceiling.

Changing the clocks next Spring may be the last clock change, a new method for reminding you to check the batteries will be required.

Ken

NEWS FROM THE NCM

Upcoming Museum In Motion Events

The National Corvette Museum is unlike most other museums in the world. Though located in Bowling Green, Kentucky—the Museum is proud to have members from all across the country and even internationally. In an effort to bring the Museum to the enthusiasts, a selection of excursions are offered each year. Branded “Museum in Motion”, the program features tours around the United States as well as Canada England and France. The Museum in Motion events combine the fun of driving, socializing with other Corvette enthusiasts, sightseeing and visiting unique places—including many V.I.P. and behind the scenes opportunities that only the Museum can get you.

Past tours have taken participants into places not usually accessible to the public including Milford Proving Grounds, Consumer Reports Auto Test Division, GM Heritage Center and Pratt & Miller.

Upcoming Museum in Motion Events
