The President's Message

Jerry Mulick, President

December 2023

by Jerry Mulick

**Hello NSCC Members
Season's Greetings**

I hope that everyone had a great year and our wish is that 2024 will even be better for all of our members and their families. In 2024 our club is planning a number of new events and activities which will be very exciting for everyone.

Don't forget that our 50th Anniversary and Awards Banquet is **1/20/2024**. This should be one of the best celebrations in the history of the club. If you have not signed up please do so at our next membership meeting.

Also remember our membership meeting is **December 13, 2023** which is one week earlier than normal. It will be our annual gift exchange and a night to bring either a snack or a dessert to share for the group.

Finally, I am requesting your help in selecting a member of our club for **Member of the Year**. You can nominate a member who has provided the energy and promotes passion to help the North Shore Corvette Club to be a better organization. Some suggestions as you consider a nomination are the following: participation in club activities, the added value this person brings to the club, overall relationship with other members and how they promote the values of the NSCC and the Corvette hobby in a safe and responsible manner.

You can mail your nomination to any board member or to me at president@northshorecorvetteclub.org Our Lifetime members will collect these nominations and select the Member of the Year from the criteria mentioned in our selection process.

HAPPY HANUKKAH

MERRY CHRISTMAS

HAPPY NEW YEAR

Jerry

MEMBER OF THE YEAR NOMINATION PROCESS

The benefits of the North Shore Corvette Club are products of the efforts of your fellow members, giving their time, energy, and skill to provide entertainment and organization to our club.

As recognition for these valuable members, we have the Member of the Year Award to be presented at the Annual Awards Banquet on January 20th, 2024. The Board of Directors is asking for your help in selecting a member who has provided the energy and passion to help the North Shore Corvette Club be a better organization. Please let us know of any member you think has gone above and beyond in 2023. You can mail or email a statement describing the person and the reasons they are worthy of the Member of the Year Award. Please indicate on the envelope or email it is for Member of the Year.

Here are some suggestions as you consider a nomination for Member of the Year (during 2023):

1. Participation in club activities
2. What added value has this person brought to the club?
3. Overall relationship with other members
4. Who best demonstrates the Values of NSCC.
 - a. Promotes the Corvette hobby in a safe and responsible manner.
 - b. Gives back to the community.
 - c. Enables members to expand their enjoyment of the Corvette.
 - d. Promotes activities and comradeship.

You can email your nomination to barbharms@comcast.net. Our Lifetime Members will collect these nominations and select a winner from the statements and other criteria determined from our selection process. Please provide your nominations to us immediately by email. Thank you for your consideration and assistance in selecting the 2023 Member of the Year.

A list of members who have previously received this prestigious award is attached. In order to recognize as many members as possible, former recipients are not eligible to receive this award again.

Letter from the Editor

Rich Stockman—Publications

December 2023

By Rich Stockman

Join us at our December 13th Membership Meeting at **Blackdog Speed Shop, located at 600 Barclay Blvd., Lincolnshire, IL 60069. There will be snacks, desserts, and a gift exchange. Please note the meeting is a week earlier than usual.**

Welcome to the December Vette Gazette. Many of us have put our Corvettes in hibernation, but your club is working to keep us all connected.

November was a slow month for NSCC, as the weather turned. But slow is not defunct. In addition to our regular monthly membership meeting, we had three events. Mecum Auctions presented the 14th annual Muscle Car and Corvette Nationals show in Rosemont. As always, the event was amazing. The wonderful collection of cars, bikes, road art and other goodies was accompanied by a nice group of automobile industry celebrities. NSCC had a booth (table) manned by several members. We fielded a variety of questions about Corvette issues, and about the club. We had a number of guests express interest in membership, and one couple signed up at the show. We had our annual post-show dinner on Saturday evening at Moretti's, hosted by Debbie M. and Felicia M. Another annual event was the Tribute at the Rock. Frank P. organized a Thanksgiving morning run to Jackson Park in Chicago, the site of the first auto race in America.

In the housekeeping department, we further clarified and streamlined the procedure for proposing and running a club event. This will be posted on the website shortly. We are making steady progress on replacing our website, with the help of Earl L. If you have any suggestions, now is the time to send them to me. We are still looking for nominations for 2023 Member of the Year Award, the winner of which will be announced at the 2024 Annual Banquet in January. The guidelines for nominations may be found in this newsletter and on the website. Note the nomination deadline of **December 13, 2023**. And while you look over our early listing of 2024 events, please remember to sign up for the Awards [Banquet](#) on January 20th.

I look forward to seeing you at the December 13th meeting at Blackdog Speed Shop. Remember the food drive, snacks or desserts and the gift exchange! Why not join us for the fun, the camaraderie and the food? Mangia! Wishing you all greetings of the Season,

Richard

Safety Tip of the Month

Ken Such - Safety Chairman

December 2023

By Ken Such

Tips for Snow Removal

Even with the everyday minor snowstorm comes the risk of death by shoveling. It is responsible for thousands of injuries and as many as 100 deaths each year. Being a couch potato and suddenly exerting oneself moving many pounds of snow can put a big strain on the heart.

Tips for shovel safety 1) Do not shovel after eating or while smoking 2) Take it slow and stretch out before 3) When all possible shovel fresh powdery snow, even several inches can be light 4) heavier snows require pushing rather than lifting 5) If you must lift, use a smaller shovel or partially fill the shovel 6) Lift with your legs not your back 7) Take a break, do not work to exhaustion.

Snow Blower Safety – even pushing a heavy snow blower can put a strain on your heart. 1) if the blower jams, turn it off. Keep your hands away from moving parts. 2) Be aware of carbon monoxide fumes, never add fuel when it's running. 3) never leave it unattended when it's running.

Shoveling or using a snow blower you may experience falling on icy areas. Maintaining a good balance is one factor in avoiding falls but sometimes a slip happens. If it does remember to cover your head as much as possible and rotate your body to fall on your side. Try to keep your body loose and arms and legs bent. In all cases wear proper winter clothing.

Ken

E-Ray and C-8.....Old News?

How Chevy Could Justify Building an All-Electric "E-Ray" Corvette

Spy photographer Chris Doane stumbled across Chevrolet's patent for the name "Corvette E-Ray," and that set our minds racing as to what it could possibly be.

The idea of an electrified 'Vette isn't as far-fetched as it sounded even five years ago. Dodge's 707-horsepower Hellcat twins may rule the production car roost in 2015, but the all-electric Tesla P90D is right on its heels with its 691 horses. Porsche has also just given its Mission-E the green light, and that should be good for 600 horsepower and a zero to 60 sprint of around 3 seconds. The Tesla and the Porsche may be sedans, but the benefits of instant torque, massive amounts of power, and zero emissions could soon prove to be too tantalizing for sports car builders to ignore — just ask Audi and its all-electric (and sadly, Europe-only) R8 E-Tron Quattro.

There's also been some evidence that the Corvette as we know it may be due for some big changes. The C7 is categorically the most well-rounded 'Vette of all-time, so it's unlikely Chevy will be messing with its winning formula anytime soon. But despite falling under the Bowtie Brand lineup, the Corvette is practically a standalone model already, and as such, it's recently been the subject of rumors that Corvette could be spun off into its own sub-brand.

In January, the decades-old rumors of a mid-engine Corvette were reignited when photographers spotted a mid-engined test mule being put through its paces at GM's proving grounds. According to GM insiders, if such an exotic 'Vette were to see production over the next few years, it would be a separate model, slotting above the C7. The car is likely to be called Zora, after '50s-era GM engineer and Corvette savior Zora Arkus-Duntov. And with the C7 (or next-generation C8) keeping the front-engine Corvette flame alive, and the Zora taking on mid-engined exotics, an all-electric high-horsepower E-Ray in a three-car stable suddenly begins to make a lot of sense.

So if the idea of an all-electric Corvette raises your hackles, don't worry. If Chevy won't move the Corvette's V8 behind the seats, it's even less likely to ditch its iconic powertrain for a few electric motors and some batteries. But if Corvette does become a sub-brand, and the Zora sees the light of day (though again, that's a big if), then a high-horsepower gas-free torque monster begins to sound pretty good to us. In fact, the more we think about it, the name E-Ray is beginning to grow on us.

What's Happening

Here's an update of upcoming club activities. Visit the [Club Events page](#) on our website for an up-to-date list of events and event flyers.

**November's Membership Meeting will be at
Blackdog Speed Shop – 600 Barclay Blvd.,
Lincolnshire, IL 60069**

We're In-Person and on Zoom

NSCC will hold an in-person Membership Meeting on Wednesday, December 13th at 7:00 pm at Blackdog Speed Shop, 600 Barclay Blvd., Lincolnshire, IL 60069 (One week early!)

**The feature this month will be a food drive,
snacks, desserts and a gift exchange!**

The meeting will also be on Zoom. On your computer or smart device click [here](#) to download Zoom.

Zoom instructions will be emailed to members a few days before the meeting.

Where are the event flyers?

Our event flyers, as well as recent event summaries, are now included in the Vette Gazette.

You can even download the flyers to your computer from the documents library.

North Shore Corvette Club Charity Team

Charity Team Vision, Mission and Values

Vision:

To collectively show we care about, volunteer for, and assist where help is needed in our local communities.

Mission:

We of the North Shore Corvette Club Charity Team will work together with our membership body to provide our time and no club funded resources, helping and assisting a variety of local charity organizations that improve the lives of those in need.

Values:

- *Commitment.* We are committed to guiding the membership in caring and rewarding charitable activities.
- *Integrity.* We will carry out all our charity work with responsibility and accountability.
- *Creativity.* We will provide a variety of diverse and fun charitable activities for our member's participation.
- *Service.* It is our honor and privilege to place others before ourselves with our charity activities.

NEWS FROM THE NCM

National Corvette Museum Events

The National Corvette Museum is unlike most other museums in the world. Though located in Bowling Green, Kentucky—the Museum is proud to have members from all across the country and even internationally. In an effort to bring the Museum to the enthusiasts, a selection of excursions are offered each year. Branded “Museum in Motion”, the program features tours around the United States as well as Canada England and France. The Museum in Motion events combine the fun of driving, socializing with other Corvette enthusiasts, sightseeing and visiting unique places—including many V.I.P. and behind the scenes opportunities that only the Museum can get you.

Past tours have taken participants into places not usually accessible to the public including Milford Proving Grounds, Consumer Reports Auto Test Division, GM Heritage Center and Pratt & Miller.

Upcoming Museum Events (including Museum in Motion)

December 2023 –August 2024

Dec 30, 2023 BG Cars and Coffee @ NCM

Jan 24-29, 2024 MiM Daytona Rolex 24 @ DIS

Apr 25-27, 2024 MiM 27th Annual Michelin NCM Birthday Bash

Apr 28-May 1, 2024 MiM Dragon Run @ Biltmore Estate

Aug 29-31, 2024 MiM 7th National Corvette Caravan to NCM

For more information on all NCM events, see the NCM website at www.corvettemuseum.org

Educational Opportunities

Video Series ‘Fully Vetted’ is available on the NCM website. It is geared toward true Corvette enthusiasts. The series consists of multiple episodes. [Click here](#) to view.

 Check the NSCC website for the location.

Activities are subject to date changes and cancellations. Events may be added or deleted.
 For events or activities requiring a payment, a check or cash payment shall be in the exact amount.

KETTLE MORaine SCENIC DRIVE

SUMMARY

What a great day for fun, friends and fiberglass! Starting out from Kenosha, the caravan traveled to the Mulick's lake house for a "pit" stop, fellowship and route directions. It was a cool morning but beautiful blue skies all day long!

There were 39 NSCC members, and 3 guests, who enjoyed a drive through the southern unit of the Kettle Moraine State Forest. It was a beautiful sight -22 gorgeous Corvettes - going along the curvy, forest roads.

We only had a glimpse of more than 22,000 acres of forested glacial hills, kettle lakes and prairies. From the Whitewater Lake starting point, we followed the marked scenic drive, passing through Palmyra and Eagle, up to Delafield. The Delafield Brewhaus was our choice for lunch. It was a great place to gather, enjoy each other's company and share the "love" of our Corvettes!

Thank you to the members who joined us on the drive! We joined NSCC many years ago for the Corvettes but we stayed for the friends! We look forward to many more miles!

Of course, a huge "thanks" to the Domerchie's and the Jakubco's for helping pull off a great event! It was fun to co-host this event with them!

The Mulick's

SPARROWS NEST

EVENT SUMMARY

Can't believe Christmas is almost here.

Thanks to everyone who help set up for Christmas at Sparrows. A special thanks to all my Christmas tree assemblers. Only 20 trees this year. Ho ho ho!

We had fifteen members volunteer and out of the fifteen, seven drove their corvettes. We put out a lot of Christmas items, put together a lot of Christmas trees and had a nice lunch. Then we were the first ones to shop for all our Christmas treasures.

Happy Holidays to everyone and thanks for volunteering with me.

Debbie Stein

Event Summary

Wisconsin Supper Club Dinner and China Lights Show

Four couples ventured north to Hales Corner, Wisconsin. The drive there was filled with drizzle and dark skies but the heavier rain drops stayed away. Everyone enjoyed their dinner at Diamond Jim's Steakhouse, where the portions were sizable and everything was delicious. They also had a wonderful homemade banana cream pie. A few of us just couldn't resist!

After dinner, we headed to Boerner Botanical Gardens to see the China Light Show. Fortunately, the drizzle had stopped, leaving just the brisk fall evening air. In the gardens were a multitude of colorful sculptures that were lit up, over 40 areas in all. In addition, we watched an acrobat show, a Sichan Opera performance and a Chinese Lion Dance. It was a wonderful evening spent with great friends!

EVENT SUMMARY

BLACKHAWK FARMS OKTOBERFEST CORVETTE TRACKDAY

SATURDAY— OCTOBER 21, 2023

Six Club members, family and friends did not move their Corvettes, they drove their Corvettes, as owner of Blackhawk Farms Raceway, Paul Musschoot would say. And drive them we did.

With the fall weather never in your favor, mother nature did us good, with a beautiful fall day. There were four novice groups and

one experienced group. We were all able to do five - twenty minute sessions throughout the day. There were also three touring session in-between all the other sessions. Everyone was able to take a lunch break together, with raffles happening from

Northstar Motorsports. None of our group were lucky this year, but it did add a little excitement. Russ Glover and Ken Barraza were able to drive without an instructor this year in their group

and Ed Harms

and Loren McLean's son had the assistance of an instructor. Tom Ford was on hand with his brother soaking in the day. A couple friends and new friends joined our group between

turns four and five for the day. Ed had an instructor that made him totally comfortable and his day ever so enjoyable, which is what it is all about. It's kind of sad that pretty soon we will be putting our cars away for the winter, but we can defiantly say we did "drive" them to the end. Frank Punzio

EVENT SUMMARY

NORTH SHORE CORVETTE CLUB'S 2023 HALLOWE'EN PARTY

"It's time to hide when the witches ride."

On the evening of October 29, 2023, Hackney's on Lake was filled with ghostly Halloween spirit by the NSCC 50th Anniversary Halloween Party. Thirty-five members and guests, most in costume, had a fun time, with good friends and conversation, and Hackney's usual delicious food. The room was beautifully decorated by Debbie Monnier, Donna McKenzie, Tara Blum, Shar Wayman and Earl Loss. This group also ensured that we had plenty of candy on our tables.

There was friendly competition for best male (Mark Karol), female (Debbie Stein) and couple (Doug & Debbie Domeracki) costumes. Thanks to Jane Karol for volunteering to tally the costume ballots. Five Corvettes competed for best car costume, which was won by Superman Russ Glover.

Best Couple

Best Male

Best Female

Best Corvette

There was a Route 66 clock door prize, which went home with Mark Karol.

Your hosts, the Stockmans, would like to thank everybody who contributed to the success of this party.

MCACN EVENT REVIEW

The 14th Annual Muscle Car and Corvette Nationals show was held on November 18 & 19 at the Donald E. Stephens Convention Center in Rosemont, IL. In keeping with NSCC tradition, the club had a table at the show.

Frank Punzio did a yeoman's job organizing the club's participation. We had a large number of club members in attendance, and special thanks go out to the members who manned the table and worked at attracting new members. We signed up one couple and there are several prospects. We have a list of email addresses for many local attendees who stopped by to see us. Sue Stockman will be reaching out to them. Lance Miller of Carlisle Events (Corvettes at Carlisle) also stopped by our table. The event had an amazing collection of vehicles, as well as some interesting car celebrities. We are anxiously awaiting the 2024 edition.

TRIBUTE AT THE ROCK

THANKSGIVING MORNING 2023

The annual trip to the Rock started with a few cups of coffee, compliments of Tommy "T" and some breakfast at Elly's Pancake House. Yes, it was a sunny day but a little on the cool side. So after a few delays at breakfast, nine of us journeyed to the Rock. Traffic on the way was not bad at all considering our late departure

around 9AM and the construction along the way. Once on Lake Shore Drive traffic seemed non-existent except for the Corvettes on a mission. With the original site totally part of a new park and no

longer accessible, we went to the new

meeting place in the South lot of the Museum of Science and Industry. Upon arriving, we were able to park together at the north end of the parking lot, the only avail-

able spots with a capacity crowd on hand. After a walk through looking at all the cars we ventured up Lake Shore Drive and Sheridan Road to Tower Road Park on the lake front. Lake Michigan was really wavy and the wind was a howling. We met a gentleman from Arlington Virginia looking to settle in Illinois. He was really intrigued by our Corvettes and was taking pictures of them. It ended up that he owned a Corvette also and is interested in our club if he relocates here. It was getting close to noon and so we all headed to our family and Thanksgiving events. I was thinking that this might be the last Rock event, but with such a good time with other car enthusiasts,

the Rock must keep a'rolling. Frank Punzio

ST. JUDE DRIVE

May 16-17, 2024

OUR 13TH YEAR

DRIVE to Support the Kids of St. Jude

MISSION STATEMENT

The St. Jude Corvette Drive is an annual charity event benefitting St. Jude Children's Research Hospital in Memphis, TN.

Since 2012, the St. Jude Corvette Drive has furthered the lifesaving mission of St. Jude Children's Research Hospital. As of 2023, the total raised since 2012 is over \$2,260,000, with over \$340,000 raised in 2023!

StJudeDrives.org

Adalyn's Story

As a kindergartener, Adalyn was having stomachaches that came and went but didn't slow her down. But then she started having episodes of severe pain. In January 2022, during one of these, her mother took her to the emergency room where doctors found a large mass above her right kidney.

"We went in thinking it was constipation, and came out finding out she had cancer," said her mom. "We did not know anything about neuroblastoma. We'd never heard of it. That was a new word for us," said Adalyn's dad. And Adalyn's neuroblastoma was classed as high-risk and stage 4. It was a deeply scary time.

After surgery to remove the tumor at a hospital near home, Adalyn was referred to St. Jude Children's Research Hospital®. Both her grandmothers had supported St. Jude for decades as monthly donors and saw the referral as a sign of hope.

At St. Jude, Adalyn's treatment has included chemotherapy, two stem cell transplants, proton therapy and antibody therapy, and will last about 18 months.

Adalyn, the only girl in the family, lights up when talking about her brothers and her cousin. She loves playing tag and hide and seek, and arts and crafts.

"She's doing great," said her mom. "You wouldn't think she was ever sick."

Families never receive a bill from St. Jude for treatment, travel, housing or food—so they can focus on helping their child live. Because all a family should worry about is helping their child live. The support of donors gives St. Jude the freedom to focus on what matters most – saving children regardless of their financial situation. When St. Jude opened in 1962, childhood cancer was considered incurable. Through years of pioneering research and discovery, St. Jude has helped push childhood cancer survival rates to 80 percent. We won't stop until no child dies from cancer.

Join the Corvettes of the St. Jude Drive as they travel to Memphis, TN for the 13th Annual St. Jude Drive. Enjoy the opportunity to drive through campus and to hear the amazing work being done at St. Jude. **Our major sponsors are:**

Illinois Railway Museum's

33rd Annual Vintage Transport Extravaganza

Will be held on Sunday, August 4, 2024
from 9:00 AM to 6:00 PM

If you enjoy trains, cars, trucks, and buses from much of the 20th century (and early 21st), you should consider joining us at the Illinois Railway Museum.

In addition to some 500 antique vehicles that will be on display, the museum will be operating a variety of special equipment on the day of the event. Frisco 2-10-0 1630 will be in operation and historic electric trains from the Chicago Aurora & Elgin and Chicago Transit Authority. Streetcars including 1906 "Matchbox" 1374, "Green Hornet" 4391, and Chicago Transit Authority 3142 will carry passengers on the streetcar line. Antique and classic cars from Model T Fords up to 2003 sports cars will be on display alongside historic motor buses, trucks, electric trolley buses, and military and other vehicles.

The Museum is located at 7000 Olson Road in Union Illinois. We will meet at the Mariano's parking lot at 450 W. Half Day Road in Buffalo Grove (at Rt. 83) at 10:00 AM and leave at 10:15. We should arrive at the Museum by 11:30 AM. Or drive on your own and meet us at the Museum.

Hosted by Sue & Rich Stockman for North Shore Corvette Club

Kindly RSVP to Rich at richard@rstockman.com or 224.548.9584

Admission is \$TBA . Lunch is available onsite.

(Contact Rich if you are interested in displaying your vehicle.)

Corvettes at Carlisle 2024

August 22-24, 2024

Carlisle Fairgrounds, Carlisle, PA

Corvettes at Carlisle is the largest and most fun-filled Corvette show in the world. The annual event, which was first held in 1982, features thousands of Corvettes representing all generations of America's classic sports car. Guests enthusiastically flock to this event to view the cars and participate in autocross, exhaust contests, seminars and much more. The excitement continues with an amazing shopping experience, including a huge automotive flea market and many local and national retailers, and the Manufactures Midway. You can find your next Corvette at the all-Corvette car corral. Bring your Corvette or walk around and view the incredible variety of cars on display on the Fun Field. Corvettes at Carlisle spotlights all aspects of the Corvette hobby, from 1953 to the latest C8s. In 2023, Team Chevrolet had a display of several e-Rays, including an amazing cut-a-way car. And there is no shortage of great food and drink. You can enjoy breakfast, lunch, ice cream and desserts, and a variety of beverages.

The Stockmans, who are members of NSCC as well as Natural Glass Corvette Association (Northern NJ), organize a block of hotel rooms and group dinners for NGCA, which is an officially recognized Corvettes at Carlisle club. NGCA has cordially invited members of NSCC to join in all the NGCA events, including use of the club's official tent on the Fun Field and adjacent parking.

This is an event not to be missed by Corvette owners or enthusiasts. And the Fairgrounds are only minutes away from Pennsylvania's Amish County, Gettysburg and Harrisburg. And Hersheypark is less than an hour away.

Contact Rich Stockman at (224) 548-9584 or richard@rstockman.com, or Sue Stockman at (224) 548-9636 for more information.

Corvettes at Carlisle is a very popular event. Hotel rooms are already beginning to disappear. The time to make your plans is NOW!
