

NCM Bash Trip Recap

We had 17 members attend the bash this year. We arrived at different times in Bowling Green on Wednesday and Thursday. We had dinner together at Rafertys, Montana Grill, and Smokey Bones. Club members , John Becvar from Nashville, Tom and Martha White and friends from Mississippi joined us. We also saw Phil Murrey and his daughter from Onalaska,

Several events and seminars were attended by the members including factory tours, Corvette update from the GM Team, Pratt and Miller race team, Mobil and Michelin seminars. New Corvette colors for 2025 were revealed, hysteria purple, competition yellow, Sebring orange. The Corvette team from Detroit was there all weekend to answer questions. Tadge Juechter, executive chief engineer for Corvette, was visiting with corvette enthusiasts all weekend. He is retiring soon and was inducted into the corvette hall of fame.

Some of us went to the General Jackson Riverboat in Nashville on Saturday, very enjoyable.

Another great year at the Corvette Bash!
