

Rustic Road Cruise

Saturday, May 22nd

105-mile route

25 rustic roads

It was a picture-perfect day with bright sunshine, blue skies and warm temperatures as we gathered at the Wisconsin Welcome Center to greet members we haven't seen in months! With the fresh air and breezes, masks weren't worn for the first time for most of us. It was also the first gathering most had attended, a welcome relief from the isolation. Eleven shiny Corvettes and 21 eager folks were ready to go!

Detailed, turn-by-turn directions with mileage and helpful hints were distributed and discussion was held about the finer points of the route. This tour included many rustic roads which are two-lane, narrow, twisting and hilly...perfect for the Corvette. It included loops so you went back and forth on some roads which begged the question... haven't we been by this before? Yep, you were!

Midway on the tour there was a lovely stop, White River Park, a quiet county park with many mature trees and a bubbling stream. There was time to explore the park and enjoy the beautifully maintained grounds as we visited with fellow travelers.

After many more miles of rustic road driving, we ended at Michael's on the Lake which is a great restaurant with a large patio overlooking Eagle Lake. We sat in small groups and enjoyed a delicious lunch and more conversation. It was a welcome, quiet respite outdoors, enjoying good food and friendship.

The best part of the entire day for Ed and me was greeting "old" friends and welcoming new members. A special welcome to Jim & Margie Burba, Ken Borucki, Ron & Susan Pontecore and Mark & Diana Anderson. We look forward to many future activities with you.

Thanks for traveling with us!
