

The annual trip to The Rock was eventful, yet uneventful.

Eight members and four non-members met at Sally's Restaurant for some coffee and breakfast before the quest to Jackson Park. The weather was uneventful with temps in the 40's with no rain or snow. It was a tolerable day and easy driving.

The caravan to The Rock went great. We had one C3, one C4, one C5, three C6's and two C7's. We must not forget our beloved wingman, Glenn and Tara Blum, in a Ford Mustang. It took about 20 minutes to get from the restaurant to Jackson Park.

Upon our arrival, there were already a few friends with Corvettes there and an array of other cars. The interview with Bill Wildt went well with a few laughs. Tommy T was our spokesperson. After the interview, some hung around for a while and some took off to their family functions. Eric, Tommy T and I did a Lake Shore Drive cruise to the northern suburbs. What a drive! The entire trip totaled 75 miles on my odometer.

All in all, this was the start of a wonderful and eventful Thanksgiving Day.
