

A GREAT DAY TO THINK SPRING!

It was a mild, clear night to gather with 46 friends from NSCC to *Think Spring* and dream about where our club activities and favorite cars are going to take us this year! Bubbles, kites and flowers remind us of warmer times to come.

Some folks hung out in the "bistro", others chose the "boardroom" and the crowd gathered in the "pool room" for friendly competition and games. But, no matter where you were, there was lively conversation centered around our common bond...our Corvette.

Many members contributed to the great hors d' oeuvres including John Jakubco's famous deviled eggs and Barb Moorman's great cheese ball. Al Ohm provided the wings in keeping with Super Bowl weekend.

There was an abundance of warm casseroles, which was a real treat this year, and delicious salads to accompany the meat selections. I have to say everyone did their part in consuming lots of homemade dishes.

As a real sweet treat we enjoyed many wonderful home baked desserts including devil's food cake from Sue Thorson, a peach torte from Betty Modra and a citrus cake from Karen Kulwin.

Last, but not least, thank you to the cleanup crew who cleared the house, loaded 55 chairs into Jim Benton's truck, and took down tables. Your help is appreciated!

GOOD FOOD AND GOOD FRIENDS -- WHAT A GREAT NIGHT!

Thank you for coming, Ed and Barb Harms
