

THINK SPRING! 2017

Good food...good friends...a perfect formula for a lovely evening. It was mild by February standards and clear skies made it perfect. Eric Kirchner and Daryl & Renee Ullberg drove their Corvettes to the party...way to go! We had folks in shorts, hats and bright, summery shirts to add to the illusion of Spring!

Lots of tempting appetizers and delicious side dishes were brought by members and everyone had their fill with lots of selections. This was topped by an unbelievable spread of desserts including a beautiful birthday cake for Terry DiSilvio that sported a race track and Corvettes. Happy Birthday, Terry, thanks for sharing with us again.

Conversation was the key activity for the evening with a Hawks game and shooting pool lending interest for some. It was easy to Think Spring while surrounded by flowers, kites, hoola hoops and balsa airplanes.

We appreciate all the friends who brought food and assisted with the clean up; makes a good evening for all. We look forward to getting on the road with all of you...hopefully soon!

Your hosts, Ed and Barb Harms
