

# FORGET WINTER...**THINK SPRING!**

**It's never been easier than it was this week! From days of snow storms and brutal sub-zero weather to 40's in a blink of an eye!**

**Y**es, everyone was eager to get out and about to bask in the mild temperatures, visit with friends, share great food and renew hope that spring can't be that far away...

Larry & Dottie Bakirtjy, Bob Cichowski & Kathy Hendrix, and Daryl & Renee Ullberg drove their Corvettes to the event, snow and all, proving the car can make it although most of the members have tucked their cars away until real spring arrives.

It was nice to have new members, Kevin & Chris Feil and Byron & Jazmin Ramirez join us for the festivities. It's great to get to know you and we look forward to joining you at lots of events.

As usual, there was a wonderful spread of delicious hors d'oeuvres, a selection of side dishes to complement the pulled chicken and a great variety of desserts from Cherry Pretzel Torte to Watergate Salad to Pudding Shots.

People roamed throughout the house visiting, shooting pool and watching the Hawks win. Forty NSCC members eager to talk about the upcoming driving season and dream of miles on squiggly roads!

Thank you to all who brought food, assisted with the clean-up and joined us in the festivities. It was a pleasure to have you.

*Ed and Barb Harms*
