

Tighthead Brewery Tour
Saturday July 23rd

On Saturday, July 23, 2022 Corvette Club members, Susan and Stuart Rabins, hosted a social event at Tighthead Brewery in Mundelein. 14 Corvette members attended this event and the weather was beautiful. Susan & Stuart reserved 3 large picnic tables and provided snacks and cold bottled water for those in attendance. The facility had outdoor lights illuminating the outdoor grassy area where picnic tables were located. Susan & Stuart also brought some folding chairs if seating became an issue.

People tried a variety of beers including flights. Tighthead also had different varieties of hard ciders along with some frozen slushies, which people ordered and enjoyed. Deville's Pizzeria from Libertyville had a food truck with a pizza oven that was available from 4-7 pm. They served wood fired sausage, pepperoni or cheese pizzas either by the slice or whole.

A 5 piece rock and roll band called Replay performed from 7-9 pm. Tighthead also hosted a benefit for Feed My Starving Children that evening. If patrons made a donation to them, they received a ticket for a FREE drink. People reported that they enjoyed themselves as well as the entertainment. The event was successful!
