

# VA CAR SHOW WAS GREAT!

Clear blue skies, lovely white puffy clouds, a breeze off the lake...70's...a perfect combination for a perfect car show...NSCC made itself proud once again with 22 registered Corvettes attending the 13th annual VA Car Show at the Captain James A Lovell Federal Care Center in North Chicago. A total of 36 club members showed up and it was fun to see some former members as well including Sandy Morrison and Bill & Donna Harding. We had a very impressive Corvette Corral!

There were a total of 219 beautiful cars of all ages, colors, brands and specialties for us to walk around and admire. In addition, we were offered a great lunch with hotdogs, brats, chili, chips and beverages.

For most of us, the most meaningful part of the day was thanking the many Veterans who came out of the facility to see our cars...the most we've ever seen...a real privilege for us.

Thanks for supporting the Veterans!

Ed and Barb Harms
