

Wisconsin Automotive Museum Day Trip

Saturday, June 4, 12 Corvettes and 21 NSCC members took a ride to the Wisconsin Automotive Museum in Hartford, Wisconsin. After gathering at the Cracker Barrel in Kenosha, we picked up the Kettle Moraine Scenic Drive near La Grange, WI, cruised (sloshed) north to lunch at MJ Stevens Pub & Restaurant, and finally hauled our sated bellies to the Museum in downtown Hartford. There you can see a wide variety of antique and classic cars and trucks, short-track racers, and even a steam locomotive (now, there's torque!). It was a good day despite the rain. No hail, no tornadoes, no accidents - what's to complain? - Clark & Martha Briggs and Ed & Barb Harms, Hosts.
